

ALEXIS PATIÑO AGUDELO

Software Engineer | Full Stack Developer

Medellín, Colombia • 311 660 8665 • alexispatinoagudelo@gmail.com • [LinkedIn](#) • [GitHub](#)

PROFESSIONAL SUMMARY

Systems Engineer with 3+ years of professional software development experience, focused on building full-stack web solutions, REST APIs and production-ready systems. Experienced with Angular, Ionic, Node.js and Python, with hands-on work in AWS, SQL and NoSQL databases, server administration, deployment and third-party platform integrations. Currently leading technical planning and delivery while remaining actively involved in critical development work.

PROFESSIONAL EXPERIENCE

Development Lead | Mas Alcance | Medellín, Colombia

Mar 2023 – Present

- Lead technical planning and development coordination for web systems, contributing to architecture decisions, requirements definition, code quality and end-to-end delivery.
- Design data models and system architectures for new solutions and plan, deploy and maintain production infrastructure on AWS.
- Improved backend availability and response times by implementing load balancing and optimizing Ubuntu, Nginx and PM2 configurations, eliminating recurring weekly outages.
- Strengthened file-upload security by moving Amazon S3 operations from the frontend to the backend, preventing cloud credentials from being exposed to clients.
- Contribute directly to critical features across the stack while supporting technical decision-making and the stability of production environments.

Tech: Angular • Ionic • Node.js • Python • MySQL • MongoDB • AWS • Nginx • PM2 • Ubuntu

Full Stack Developer | Mas Alcance | Medellín, Colombia

Dec 2022 – Feb 2023

- Developed a Progressive Web App (PWA) and REST API for a public bike-sharing system, enabling users to rent, return and manage bicycles through a web-based experience.
- Built frontend and backend functionality using Ionic, Angular and Node.js, contributing to the delivery of a production-oriented mobility solution.

Tech: Ionic • Angular • Node.js • REST APIs

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML, CSS

Frameworks & Runtime: Angular, Ionic, Node.js

Databases: MySQL, MongoDB, SQL, NoSQL

Cloud & Infrastructure: AWS, Nginx, PM2, Ubuntu, deployment

Engineering: REST API development, full-stack development, software architecture, data modeling, third-party integrations

Tools: Git, GitHub, Android Studio

EDUCATION

B.Sc. in Systems Engineering | Universidad de Medellín | Medellín, Colombia

Jan 2019 – Nov 2024
